

# Clamp-On Flowmeters for Water And Wastewater Industry

---

Reputable . Robust . Reliable

## Major Benefits

---

- > Affordable
- > High Accuracy (0.5% RD)
- > Easy Installation
- > Long Service Life (+15 years)
- > Zero Maintenance
- > Zero Drift
- > Zero System Downtime
- > External Measurement

## Main Applications

---

- > Inlet Flow Measurement
- > Influent Pump Flow Control
- > Flow to Filters
- > Back Wash Flow
- > Final Effluent Flow
- > Network Flow
- > Mag meter replacement
- > Check Metering
